

Genetic Analysis presents at Mangold Insight's Investor Day

OSLO, NORWAY, March 17, 2023 – Genetic Analysis ("GA") will attend Mangold Insight's Investor Day next Wednesday, 22 March 2023. Ronny Hermansen, CEO, and Kari Furu, Head of Product and Business Development, will present the company, the booming microbiome market, and the global potential and recognition of the GA-map® platform.

On March 22, GA has been invited to attend and present the company at Mangold Insight's Investor Day. The presentation will be live-streamed on Mangold Insights website (<https://mangold.se>) and in Infront Direkt Studios channels.

When: March 22, 2023, from 11.45-12.15.

Where: Kungsgatan 33, 2nd floor in Stockholm.

Live-stream: <https://mangold.se>

About Genetic Analysis

Genetic Analysis AS (GA) is a science-based diagnostic company and pioneer in the human microbiome field with more than 10 years of expertise in research and product development. The unique GA-map® platform is based on a pre-determined multiplex targets approach specialized for simultaneous analysis of a large number of bacteria in one reaction. The test results are generated by utilizing the clinically validated cutting edge GA-map® software algorithm. This enables immediate results without the need for further bioinformatics work. GA's vision is to become the leading company for standardized gut microbiota testing worldwide, and GA is committed to help unlocking and restoring the human microbiome through its state-of-the-art technology. GA employs a team of highly qualified employees with scientific backgrounds and competence in bioinformatics, molecular biology, and bioengineering.
