

Genetic Analysis AS: CFO resigns to pursue other opportunities

OSLO, NORWAY – 06 June 2024: Microbiome DX company Genetic Analysis AS (“GA” or “the Company”) announces that Eilert Aamodt has decided to resign as CFO to take on a new position in another company and industry. He will remain in his current role until the end of August 2024, ensuring a smooth and efficient transition for GA. Aamodt has been with GA since February 2021, and GA has initiated a process to recruit his replacement.

Ronny Hermansen, CEO of Genetic Analysis, comments:

“I would like to thank Eilert for his valuable contribution to GA over the years, where he has established a finance function that complies with all requirements of being a listed company. We wish him all success in his new job.”

About Genetic Analysis:

Genetic Analysis AS (GA) is a science-based diagnostic company and pioneer in the human microbiome field with more than 15 years of expertise in research and product development. The unique GA-map® platform is based on a pre-determined multiplex targets approach specialized for simultaneous analysis of a large number of bacteria in one reaction. The test results are generated by utilizing the clinically validated cutting edge GA-map® software algorithm. This enables immediate results without the need for further bioinformatics work. GA’s vision is to become the leading company for standardized gut microbiota testing worldwide, and GA is committed to help unlocking and restoring the human microbiome through its state-of-the-art technology. GA employs a team of highly qualified employees with scientific backgrounds and competence in sales, operations, bioinformatics, molecular biology, and bioengineering.
